Mr. Cawkins, who had occupied the pulpit on several occasions and had conducted services on Sunday. He was summoned before the congregational meeting, appraised of the call and accepted the same. Mr. Cawkins is pursueing a course at Temple University, Philadelphia, but it is believed he will at once remove to this locality and commence his pastoral duties at once. The ground lime shipments from Corsons station have about ceased for the present year, as the time has passed for land fertilization for this year.

AMBLER TRIMS SOUDERTON.

Local Boys Score Decisive Victory, 14 to 0.

Line Plunging Methods Used—Bob Kelly Breaks Through for a Touchdown—Ed. Kelly Also Stars—Pelhem All-Stars Also Defeated—Glenside Next.

In one of the most spectactular games of the season the Ambler Field club defeated Souderton on the local gridiron by the score of 14 to 0. It was the regular week-end tilt of our local footballers, and never before did the followers of the game here see such line plunging as took place in the last two periods of play. Time and again the line, which played a splendid game, would rip holes in the opposing team's defense for the back field to go through for substantial gains. It was this style of play that enabled the Ambler boys to score their two touchdowns. On one "Bob" Kelly electrified the big crowd by breaking through and carrying the ball on a long run for a touchdown. Kelly's toe was also in working order, and he was able to kick both goals, making the total count 14.

For the first two sessions both teams sparred for opening, and there was little to choose on either side, but beginning with the third period things commenced happening and more than once the battle cry of the Ambler boys was heard as they used straight football in advancing the ball. "Eddie" Kelly had his first chance to get in the line-up on Saturday and he made good from the start, and on more than one occasion he was seen to stop the rushers of the visitor's big back field. The entire line of the Ambler team played the kind of ball that usually wins, and when they were heard to shout, "Here's your opening," it was generally there.

Taking it all and all Ambler has the best team that ever played on a local gridiron. Taking their first game of the season with the strong St. Thomas team, of Bethlehem, before Coach Pete Curtis had whipped the boys into line, they showed that Ambler was to have a real football team for the season of 1921. Thus far St. Thomas is the only team to defeat the locals. Following the latter game Conshohocken bowed to Ambler by the score of 42 to 0; then came Souderton last Saturday, 14 to 0, and the next victim, which game was played last Sunday, was the strong Pelhem All Stars. The game was played on the latter grounds and was won by Ambler, 6 to 0.

Next Saturday, however, will test the local team when Glenside, which is made up of former college stars, will come here for their annual game. So far as football is concerned it is a number of years since Ambler has won a game from Glenside. The local boys say there will be a different story next Saturday evening after the final whistle. Every provision is being made to handle the big crowd that will come here for their annual game. So be on hand to witness the contest, which will start at 3.15.

Following is the line up Ambler-Souderton game:

Ambler	Positions	Souderton

THE SCHOOL BOND ISSUE.

Ambler School Board Places Facts Before the Voters.

Must Provide Additional Schools or Exclude Outside Pupils, Which Postpones Building but Adds to Per Pupil Expense and Reduces State Aid.

In accordance with a resolution passed at a special meeting of the Ambler school board in September, 1921, a copy of which is now being published in the "Ambler Gazette," the question of bonding the borough of Ambler to provide additional school facilities, will be presented to the taxpayers of Ambler for their approval or disapproval.

Our schools, as is well known, are overcrowded, which condition should be corrected; in fact, the state board of education has informed us that it must be remedied. There are two ways of correcting this condition, one of which is by the erection of a new building for high school purposes and the other is to decline to receive pupils from other districts.

As a vote favorable to the loan will provide the means to procure funds for the erection of a new high school building and a vote unfavorable to the loan will indicate that it is the desire that pupils from outside districts should not be admitted, it will be appreciated that the decision will rest with the people of Ambler.

The benefits to be derived from a large high school, housed in a modern high school building with up-to-date equipment, over a small high school, housed in a building not erected for high school purposes, originally built 35 years or more ago and added to several times since is one of the important items for our people to consider in deciding this question.

With regard to this matter from a financial standpoint the revenue accruing from the tuition of outside pupils for the last school year of 1920-1921 was in round figures, $10,000, representing between 22 and 23 per cent. of the total expenses of operating the school system. By the elimination of the outside pupils last year our revenue would therefore have been reduced this amount, plus a decrease in our state appropration of $380 by reason of a smaller teaching force, making a total reduction of revenue of $10,380. The saving in expenses by reason of the exclusion of the outside pupils on account of teachers' salaries, text books, supplies, etc., would have been about $4518. The difference between the reduction of revenue of $10,380 and the reduction in expenses of $4518, or $5862, would, therefore present the amount to be raised by additional taxation, which, after adding to this amount the tax collector's dommission thereon, would represent about 3 1-4 mills on the assessed valuation of $1,912,832. This means that in order to account for the net deficiency of revenue it would have been necessary to increase the tax rate from 12 1-2 mills to 15 3-4 mills.

For the present school year of 1921 and 1922 we estimate that the revenue accruing from outside pupils will be in excess of $17,000. If these pupils had not been received our income would have been decreased this amount plus a decrease in our state appropriation, and after deducting from the total of these two decreases in revenue the saving in expenses then would have been a net loss of revenue in excess of $10,000, representing about 5 mills on our present assessed valuation.

To carry a loan of $130,000 will require about $8000 to be placed in the sinking fund annually to pay interest and redeem bonds as they become due. As we expect to have all our former bond issues paid by July 1922, with the exception of the $12,000 issue of 1914, our present yearly sinking fund charges will be reduced by that time from $3184 to $960, representing a saving of $2224 per year. Deducting this saving from the $8000 leaves $5774, which represents the actual amount of additional revenue that will be needed in excess of our present sinking fund charges in case the bond issue is approved. This additional amount of $5774 is equal to about 3 mills on our present assessed valuation.

As the net revenue accruing from the tuition of outside pupils during the school year of 1920-1921 was equal to about 3 1-4 mills on the assessed valuation, and it is estimated that it will be at least equal to 5 mills this year, it will be observed that last year this net revenue would have been sufficient to have about covered the additional sinking fund charges on a $100,000 loan while this year this source of revenue will be considerably in excess of such additional charges.

While we cannot foretell what additional taxation will be necessary in the years to come and can only judge from present conditions, it now seems certain that our school taxation will necessarily be high whether the loan is approved or not, providing, of course, that our present standard is maintained. Judging from the number of outside pupils attending our schools at present and the net revenue derived therefrom our increase in taxation will be less, and probably considerably so if the loan is approved, than it would be if the loan is not approved, making it necessary to provide all the necessary school revenue ourselves.

Another important feature in considering this question that should not be overlooked is the fact that next year the Ambler pupils attending our schools will probably exceed 600, which will comfortably fill our present buildings. This means that in case the people of Ambler disapprove of the loan, it will be necessary for us to build a new high school building for our own pupils within a few years, possibly in two or three, by which time our surrounding districts will have, through necessity, made arrangements for the instruction of their pupils in their own districts or elsewhere, and we will be required to bear the burden alone, which will necessarily be much greater than under present conditions.

In addition to the features previously referred to it might also be well to consider the desirability of Ambler being the High School educational centre of this portion of our county.

By reason of the responsibility for the decision of this important question resting upon all of the men and women of Ambler as indicated by their vote on the loan proposition at the November election the Ambler school board presents this review of the matter in order that it may be now intelligently considered.

The financial benefit to be derived from a business standpoint of having about 300 children come into Ambler five days each week is not a school question, but is one to be considered by our business men, whose attention is called to this phase of the proposition.

The School Board appreciate that $100,000 will not build and equip a high school such as Ambler should have, but they do not feel that a larger bond issue should be requested at this time, and in fact the law does not permit a school district to be bonded in excess of 7 per cent of its assessed valuation.

Favors the School Loan.

The October business meeting of the Home and School League being deferred, I am taking this way in reaching every lover of children, and as a member of the League of Women Voters, I was asked if I would "mention" the school loan to be voted on at the next election. I hardly feel it is necessary, for I am sure there is no one here who does not know of the congestion in each of our schools; the only relief is to a new high school, and to get that we must have the loan, so when you meet people who are not in favor of it make it your duty to bring forth their pride in their town and in their school buildings, ever having in mind, above all, the health of thec hildren—perhaps your children. Perhaps your children do not go to the Ambler schools, (as several taxpayers have told me,) but we must, nevertheless, remember that to a certain extent we are responsible for every child in this borough and under present conditions you can hardly expect them to "keep on smiling".

When we make up our budget at the first of the year, let there be so much less for pleasure and so much more for taxes and we will be surprised how little we will notice the raise in the taxes. If the $10",000 loan is passed the increase will be but five mills or but $2.50 per year on a house assessed at $5000, which is very little when we consider what it means to our children.

The new high school is up to each and every voters, not to the school board, so make use of every opportunity to work for the passing of the school loan on Tuesday, November 8th. Don't let a vote be lost. McV..

It begins to look now as though the fight for good roads in Montgomery county is one that will be waged to a finish through the Montgomery County Good Roads association which was recently organized with Adolf Muller as president. Certificates of membership costing $1, are now being circulated and already quite a number of our residents have enrolled. The fight for good roads had its start here some time ago and was the direct result of the state highway department keeping its promise to concrete DeKalb Street pike eastward from the Germantown pike. Those at the head of the movement are hoping that all one in favor of good roads and of Montgomery County getting its share, are urged to sign one of the certificates, which may be had from the local business people.

NEARLY WINS HIS OWN CUP.

Strassburger's Horse Just Back of Dooley.

Whitemarsh Hunt Has Race Thrills—5000 Persons See Annual Events at Erdenheim Farm—Cups and Plate Won.

Races Saturday, thrilling from start to finish and watched by 5000 persons, marked the second of the series of autumn meets at hunting clubs near this city.

Ideal weather conditions augmented the crowd which went to Erdenheim, the George D. Widener farms near Chestnut Hill, where the meet of the Whitemarsh Hunt was staged.

The excitement reached its climax in the Pennsylvania Hunt club race, fourth on the card. This was the first running of this event for the challenge cup offered by Ralph Beaver Strassburger, of Normandy Farms. The cup will become the property of the owner whose horse wins this event three times.

Wolverton, 3d, the entry of the Normandy Farms, finished a nose back of Dooley, the Ridgway entry. So close was the finish that cries of "Wolverton wins," "Dooley wins," intermingled.

The third race for the Erdenheim cup also furnished its features, one of which did not, generally, reach more than 100 spectators. This was the refusal of the judges to consider an alleged foul. The claim was made by Mr. Brooke, riding Reddest, entry of the Brooke stables, who said that Mr. Wright, riding Nohomis, the entry of the Samuel D. Riddle stables, has perpetrated a foul. Mr. Wright indignantly denied any such happening, or any intent of such, and the judges officially declared Nohomis the winner of the event. The cup for this event is offered by George D. Widener, a previous winner having been Robert Gerry's Crest Hill.

The fifth race, for the Whitemarsh plate, presented by R. Nelson Buckley, brought out another field of favorites. Of an original entry list numbering nine, only five horses went to the post. Red Wing, winner of one of the Huntingdon Valley Hunt events of last Saturday, was a favorite, and went under the wire two lengths ahead of the Clark entry, Easy Rider, ridden by Mr. Bosley.

George D. Widener's entry, Bellatrix, won a victory for the Erdenheim Stables, capturing the Caldwell Vase event, second on the card. Vague, the Huntingdon Valley entry of Mr. Marshall and a winner of last Saturday, finished second. Fancy Man, another horse from Mr. Marshalls' stables, finished third.

The farmers' race, first on the card, was won by Bob, owned by C. Hickson and ridden by John Condon. Flora, an entry of the Widener stables and ridden by George White, was second. Third honors went to Bill, owned and ridden by Charles H. Jones.

The sixth and final event on the day's card was for the Iroquois Cup, one and one-half miles on the flat. Among the horses entered in this event was Vox Populi, from the stables of Reed Knox. This horse was withdrawn because of the death of Senator Knox. Snare, entered by Walter Jeffords, won, and Bandmaster, from the Huntingdon Valley, second. A Riddle entry, Rocking Horse, was third.

Among prominent Philadelphians at the races were Mr. and Mrs. E. Lowber Stokes, Mr. and Mrs. Alexander Van Rensselaer, Mr. and Mrs. J. S. Reeves, Alfred E. Strawbridge, Alfred E. Strawbridge, Jr., Mr. and Mrs. Ralph Beaver Strassburger, Miss Marjorie Bourne, J. Ross Hamilton, Edward E. Marshall, Miss Molly Thayer, Mr. and Mrs. George D. Widener, Dr. and Mrs. Summer H. Cross, Miss Edith Caverly, Mr. and Mrs. S. D. Riddle, Mr. and Mrs. William J. Clothier, Mr. and Mrs. Walter Jeffords, Jay Cooke, 3d, Mrs. H. R. H. Toland, Yale Dolan, Frank V. Lloyd.

Dr. Mary Hough and Her Candidacy.

In presenting the name of Dr. Mary Hough to the citizens of Ambler at the recent primary election for the office of school director, the League of Women Voters had only one purpose in view—namely, the election to our board of a woman of mature thought—a mother, and at the same time a physician. Thus, we thought to add a constructive and helpful influence to Ambler's educational institution.

The interest of Dr Mary Hough for the public good may be appreciated by the fact that she was, and is, paid by the present school board as an inspecting physician. Through this, however, she visioned the opportunity for doing so much more work of public value that she readily agreed to set aside the paid position for that of unpaid school director.

Dr. Hough was nominated on the Democratic ticket, but failed to receive the nomination on the Republican ballot.

George Y. Styer and Philip Maas were made the Republican nominees, (there being two to elect) Professor Maas, being a teacher in the Boys' High school in Philadelphia, is not eligible as a candidate and cannot serve if elected, as may readily be determined by the new school code enacted into a law by the last legislature, which expressly forbids the election of any teacher, principal, or superintendent in any public school to the position of school director in any school district in the state of Pennsylvania.

The League of Women Voters of Ambler know that Professor Maas has been an unselfish and efficient school director during his long term of office, and, knowing this we ask the voters to aid us in placing an equally efficient and unselfish director in his place to carry on the work by putting a crose opposite the name of Dr. Mary Hough and ensure her election on election day, Nov. 8th.

Horsham residents are somewhat concerned relative to the announced purpose of the Philadelphia Rapid transit company to cease carrying freight on and after Nov. 1, and on Monday before the public service commission at Harrisburg was lodged a petition asking that the service be continued. The petition was signed by patrons of the road. This section is well-nigh destitute of freight facilities, except the distant points of Hatboro, Doylestown and Ambler and the Horsham siding along the Trenton Cut-off of the Pennsylvania. Hallowell mill shippers have considered the motor truck service as a recourse, and with the highly improved roadway now existing it is said that some of the Philadelphia milk wholesalers have volunteered to run a motor truck as far as Hallowell provided the farmers haul the milk to that point, which even now they are obliged to do in order to load it on the trolley freight cars. Farmer Killed $300 Coon Dog by Mistake.

Sportsmen and farmers of the New Hope section together with members of the Bucks County Fish, Game and Forestry association seem very much disturbed over the shooting of a valuable pure-bred "coon dog" valued at $300, belonging to two New Hope sportsmen. The shooting was done by a Lahaska farmer.

The dog belonged to Radford Brillman and John T. McCauley, of New Hope. On Wednesday night a party of sportsmen were out hunting coons. In the party were Brillman and McCauley and the dog which had been brought to Bucks county from the Blue Grass Kennels in the South. The coon hunting party approached the land of William Jamison in Lahaska. While on landing adjoining the Jamison farm, two shots were heard. Investigation was made and the dead dog was found.

The party went to the Jamison house and asked the farmer why he shot the dog when he answered: "I thought it was a skunk." Both civil and criminal proceedings have been threatened.

Perkasians Will Work on Road.

Perkasie has it all over the reconstructionists in battle-torn Europe!

That public-spirited community aided and abetted by a live chamber of commerce that has long passed the dormat stage and will observe "Good Roads Day" among the natives on October 17 and 18, when every individual, including man, woman and child, will be assigned a part in rebuilding road between the Philadelphia and Allentown State highway at the former Three Mile Run to Perkasie.

Perkasie school directors are broad-minded enough to urge the school children to do their part in the work and will give the students absent on those days credit for school work if they assist in making this highway passable.

Every stray instrument known to road building has been dusted off for the two big days. Women are asked to feed the men while they do the work. The township supervisors, and all other road officers, who have to do with the road work up Perkasie-way will be on hand to assist.

Not more than one invitation is needed if the picture of this road could be put before the public, say the Perkasians.

Think.

Did it occur to you, my friend,
At the close of a busy day,
To let your thought take careful trend
Through the scenes of your late way?

Sit in relaxed silence awhile,
And measure your recent course,
The careless word, the pleasant smile,
Take count of your resouce.

The deed performed as duty called,
Was it given in truth your best,
Or fraught with circumstances that galled
Indifference or real zest?

Then tranquil be at eventide,
And thought will shape the morrow
Your work will be a thing of pride
And leave no trace of sorrow.

Making Extraordinary Mileage a Certainty—

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

Read Letters Below—

Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records. Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Sept. 10, 1921

Firestone Tire & Rubber Co.,
Jacksonville Branch,
Jacksonville, Florida.

Gentlemen:—

I submit herewith the history of a 33x4 Firestone Cord tire. This tire has run 57,000 miles. I have retreaded it seven times. The average mileage to each retreading was about 7,000. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tires proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retread. I am mailing photographs under separate cover.

The Harvey E. Mack Co.,

Gentlemen:—

It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 29,000 miles. The second tire rolled up a mileage of between 34,000 and 35,000. These were both rear tires and had been cut considerably by chains. The two front tires have gone better than 35,000 miles and are still in good condition. I expect to get at least 40,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.

CHATS WITH YOUR GAS MAN

Whenever a gas bill is abnormally large, there is always a complete explanation for it, when all the facts and circumstances connected with the case are known.

For instance, when you find a sudden or unusual increase in your bill, ask yourself:

Has the weather been to blame?
Has there been sickness in the house?
Have I had company during the period?
Have the servants or others used more gas than I am aware of?
Have any additional gas appliances been installed during the period?
Are there any other circumstances or occurrences that will account for the increase in my bill?

It seems to be human nature for the customer to first berate the company, claiming that the meter is wrong, and then discover his mistake.

If you recall no reason, come to us first [do not go to your neighbors] and we will do our utmost to help you locate the cause. If we find that a mistake has been made, we will cheerfully correct the error. We are here to serve you.

Home Life.

The best of life should be and is for most people the home life. Those persons who are unfortunate enough not to have experienced the truth of this fact have not known what is best in life. If a man looking back over the years finds that his greatest satisfaction and happiness has come from associations and experiences outside his own family circle, it is a black and desolate career that he surveys, however successful it may seem to others. The talks and walks that a boy has with his father and a girl with her mother, the games that the family play together, the jokes that to an outsider perhaps would have little flavor, even the quarrels, ending as they do in reconciliations that make the affections more warm than they had been before—are there any better experiences and memories than these for anyone?

Some people fear that the value of home life is less appreciated now than it used to be. They think that automobiles and jazz and movies and magazine fiction tend to make people restless, discontented with the quiet of home, discontented even with their homes. We think that there is not much reason to be apprehensive. The love of home and family is the most deep-seated instinct in the race. Amusements and excitements that prevent or diminish the manifestation of that instinct can have only a temporary fascination. As for the automobile, it is for most persons a convenience that helps to enrich the family life—though sometimes perhaps it impoverishes the family. The American people are too sound at heart to become careless and callous toward the family tie.

It is on the home life that our civilization is built. If the home life decays, our civilization will crumble. In the home life of every family the members are responsible not only to one another but to the nation for the maintenance of a high standard. In spite of the prevalence of fiction that presents domestic unhappiness as its theme, we believe that by far the greater number of Americans meet the responsibilities and rejoice in the happiness of their home life.

William Frazier's Will is Probated.

In disposing of an estate valued at over $200,000 by will William W. Frazier, late of Abington, makes small bequests to many of his employees. Even "to the boy who shall be my office boy at the time of my death" there is to be the sum of $100.

Other similar bequests are: John C. Bogan, $1000; Phineas P. Gheen, one of the decedent's farmers, $1000, Mary Ann Gallagher, $500; Linneas P. Prince, a clerk in his office, $500. To each of the following, if still in his employ at the time of his death, $500 each: Frederick Jackson, Marie Belleville, Elizabeth Ryan, Annie Donion, Katharine O'Connor, Frederick Keevil, coachman; Walter Scott, gardener, Claude Kern, chauffeur, and Howard McVaugh, one of his farmers.

To Henrietta M. S. Leiper, 3712 Walnut street, Philadelphia, "widow of my old comrade General Leiper," is given the sum of $10,000.

Helen R. Tomes, of New York, and Frances M. Bartholomew, of Philadelphia, are each given $10,000.

To cousins, Josephine and Isabella Cabot are given the house occupied by them at Overbrook for life. At their death it is to become part of the residuary estate.

The sum of $30,000 is placed in trust for the life benefit of the above named beneficiaries.

A mansion house and 16 acres in Abington are given to a daughter, Helen F. Brinkley, together with all the furnishings, with the exception of certain paintings, which go to the other children.

The residue of the esate is given to the seven children of decedent in equal shares.

Testator adds to his will an unusual clause: "I have not made any gifts to public charities in this my will. This omission is advisedly made. In accordance with plans heretofore adopted by me, I have made considerable charitable gifts during my lifetime, acording to my selection, thereby reducing my estate to a size not more than sufficient for those of my family and other individuals whom I have concluded to benefit by the gifts of this my will."

William West Frazier, Jr., and George H. Frazier are named as executors and trustees.

Alleged Highway...en Arrested.

Charged with highway robbery, Daniel Boyle and Edward Kerley were held without bail by Magistrate Clark at Norristown, after Charles Rotzel had identified the two men.

Rotzel testified that he was taking three barrels of whisky to a hospital near Ambler when he was held up by five men on the Germantown pike. They pointed revolvers at his head and he was ordered to go. Rotzel said the only disguise used by the defendants were dark eyeglasses. Boyle had a wooden leg and walks with a limp and Rotzel was positive that he could not be mistaken as to the identity of the defendants.

Former United States District Attorney Charles D. McAvoy represented the defendants. He and Magistrate Clark almost came to blows when Mr. McAvoy read aloud two names mentioned in the information. These men have not yet been arrested.

Road Agents Are Foiled in Plans.

Andrew Adams, of Connaughtown, was held up in a dark section of Folk street, about eleven o'clock at night, but managed to make a getaway before his assailants could search him for valuables.

Adams stated that he was walking down the street and noticed two men in the shadow of a tree acting in a suspicious manner when he approached them, one pinned the pedestrians arms to his side, while the other struck him on the face. His cries for help attracted the attention of several young men who were a short distance away, and they immediately came to his aid.

Apparently the thugs feared recognition, for they beat a hasty retreat.

Miss Anna Flannery, who was sitting on the front porch of her home, witnessed the attack and feels sure that she can identify the road agents.

State's Fund for Indemnity on Tubercular Cattle is Exhausted.

Twelve hundred farmers who have signed up to have their herds of dairy cattle tested for tuberculosis under the State Federal Accredited Herd Plan, this week received letters announcing that the indemnity funds for this work in Pennsylvania are exhausted. The recent legislature appropriated $130,000 for payment of indemnity for the cattle found to be tubercular and disposed of. This fund has been exhausted in setting the claims of the 2,190 herd owners whose herds are now in process of being accredited.

The 1,200 additional herd owners are seeking to obtain the advantages offered by the State of Pennsylvania and the Federal Government. Dr. T. E. Munce has sent letters to these dairymen stating that the current funds are exhausted and that the Federal Government will not pay its share of the indemnity until the state has fulfilled its obligations. The letter also contains this paragraph.

"Cattle that react to tuberculin tests applied from now on will not be appraised for immediate payment of indemnity, but an agreement of valuation will be made and the claim will be paid if money is appropriated at the next session of the legislature."

—Abington tonship citizens will on November 8th vote on a proposal for a special loan of $450,000 for school purposes.

Election Expenses.

For the first time in history women filed affadavits of election expenses, and that the fair sex is getting next to the political game was evidenced by the fact that not only as individuals did they comply properly with the law, but that collectively they have formed campaign committees, collected and expended money to further certain causes, just like the men have always done. This campaign committee account was filed by Miss Helen C. Livezey, of Plymouth Meeting, treasurer of the Freas campaign, organized for the election of Mrs. Myrtle Freas, of Cold Point, as a school director in Whitemarsh township. There was received from contributions the sum of $20.00 from Whitemarsh League of Women Voters, and that amount was spent during the campaign for advertising, postage, automobile etc.

Mrs. Katherine Podall, Democrat, who ran for the Jury Commissioner candidacy, spent less than $50.

Judge Solly, nominated on four tickets as Judge of the orphans' court, spent less than $50. He filed four accounts, Republican Democratic, Prohibition and Socialist. He notes on his statement that his contribution was nothing.

Edwin Linson, successful aspirant for township treasurer of Cheltenham, on the Republican ticket, $318.59.

W. W. Deisler spent $109.18 and failed to receive the Republican nomination as Township Treasurer of Springfield.

In Abington, W. Howard Wilson, who was nominated to succeed himself as Treasurer, spent $180.40.

For treasurer of Springfield on the Republican ticket William J. Bysher spent $294.

—The state highway departments of Connecticut, New York, New Jersey and Pennsylvania have a reciprocal agreement in revoking a license of a motorist who fails to respond to a summons from any of the four States.

—Quakertown is experiencing a real estate boom.

It is a difficult matter to understand why more care is not practiced by drivers of motor cars. The way some of them operate their machines it appears that their very life depends upon them reaching a given point at a certain time. Despite the fact that Mill road crossing is one of the most dangerous in this section no care whatever is taken by drivers of automobiles to even safeguard themselves, not alone anyone else.

OBITUARY.

R. COMLY WILSON.

The funeral of R. Comly Wilson, was held at Newtown, Bucks county, on Monday. Death resulted on Thursday from injuries received by his having fallen from an apple tree. He is survived by his widow and 12 children all of who were present at his funeral except one married daughter, whose absence was caused by the tender age of the 20th grandchild.

R. Comly Wilson was a successful dairy farmer of Bucks county near Newtown, the son Lloyd Wilson, of Richboro. His sons are: Harry and Robert, Jr., of Newtown, successful farmers of Bucks county; Jesse, of Easton; and Paul of Detroit, Mich., and Elldon C., living at home. He also left 19 living grandchildren.

The Friends' Meeting house at Newtown was filled to its seating capacity by relatives and friends to pay a last tribute of respect to a man widely known for his success and interests in the welfare of his neighborhood. His funeral was on his birthday, born Oct. 17, 1846, aged 75 years.

Fire was discovered on the roof of the residence of Dr. Fenton on Wednesday night. The blaze was discovered by Mrs. Oberland, who resides in Kuebler's tenant house. Mrs. Oberland immediately turned in an alarm to the Ambler Fire company. When the fire company arrived they stopped at Spencer Roberts' residence, but they soon discovered their mistake and proceeded to the fire, which is within a quarter mile of Mr. Roberts' residence. The fire was caused by a defective flue. Much credit is due the fire company, as the flams wer breaking through the roof when they arrived, and at the first glance it appeared as though the house was doomed, but the quick action of the firemen the entire structure was saved.

The linemen on a keystone pole discovered with flames and gave the alarm. Smoke was issuing from the upper part of the hotel. The chemical engine of the Jeffersonville Company was placed in service and at the same time City Hall called and the Hancock and Norris responded. When the Norristown companies arrived the fire was extinguished.

On Tuesday the boy underwent an operation and at this writing no report as to his condition could he had. However, it was learned a few days ago that his fever is still high and that he suffers a great deal of pain. Salvatore Talase, who was stabbed six or seven times the same night, is in the Abington hospital, and it is reported that the wound near the heart is causing him considerable trouble. Frank Pilege and Joseph Volotto, accused of doing the cutting, are still in the Montgomery county jail. When called upon to face the court Volotto and Pilegi will likely have preferred against them four separate charges of aggravated assault and batterv with intent to kill.

Whitpain School Matters.

Editor Ambler Gazette:- In reply to Mr. J. Irvin Yost's letter in the issue of your "Gazette" of Oct. 13th, 1921 with regard to the auditors' report, the method of expending the school funds of Whitpain township and the financial management, we wish to say that the auditors' report of July 2, 1921, shows every dollar received and every dollar expended for the term of 1920-21, and while we would like very much to see our school tax reduced we cannot see how it can be done at the present time, for we conscientiously believe that the children of our township are getting a better education in proportion at the present rate of 12 mills than they did when the rate was much lower.

At our present rate of 12 mills we expect to pay off the short term loan of $9400 in three years, pay $1300 per year on our bonded indebtedness of $24,500, and pay Ambler school district approximately $6000 per year for educating the children of West Ambler, and we will educate at least 350 children in our school district this year from primary to and including the fourth year high.

We hope every child in this township will be graduated from our high school, and further if any of the taxpayers of the township desire information about anything pertaining to the schools, they may call to see Edward H. Phipps, secretary, at his home, where he will be at their service, or attend any of the regular meetings of the directors the first Monday afternoon in each month at the consolidated school, near Blue Bell.

Parents are invited to visit the schools while in sessions. Very truly

WHITPAIN SCHOOL BOARD,
EDWARD H. PHIPPS, Sec.

WEST POINT.

There will be no preaching services next Sunday in Grace Reformed church. Sabbath school session will be held at the usual hour.

Last Wednesday evening a class initiation was held by the local camp, Patriotic Order Sons of America. Several candidates from Souderton camp were among those initiated.

White potatoes are being sold here, it is reported, for $1.50 per bushel.

The Anders property, near Zeiber's park, has been sold.

There is considerable feeling her over the West Point Union Sabbath school chapel being used recently for a political meeting. Last week a meeting was held in the building in the interest of the Upper Gwynedd League of Women Voters, and those who attended said the main topic was politics. An independent ticket has been placed in the field by the league and their principal fight will be for the school board. At the primary both Mrs. Jenkins and Mrs. Walton were defeated on the Republican and Democrat tickets by Reed and Hillegas. This is the reason for the fight being carried through the regular election. What the outcome will be can only be guessed. However, the members of the league are leaving nothing undone to win, and it will be a fight to the finish.

According to farmers here one of the greatest crops of corn ever harvested in this section is now being gathered. The writer is speaking to one mentioned that there is plenty of help to be, but was informed that few of those seeking work on the farm at this time are demanding $4 and $4.50 per day.

Regrets Removal of State Police.

One of the worst misfortunes to occur in this region was the removal of the detail of state police from Ambler to Norristown. Said removal leaves not only this district, but that of Penllyn, Gwynedd Valley and Springhouse totally unprotected. The protection of mounted state police is most essential at all times in the above mentioned districts and particularly so with winter near at hand when many of the houses are closed; and since they are minus a protection there is likely to be the usual set of robberies, etc., which went on year after year until a detail of State Police was stationed at Ambler. The efficiency of these fearless officers and their method of dealing with all evil-doers has been well demonstrated, and though the idea of organizing a set of Vigilants at Fort Washington is very good, said organization if started, cannot be of much aid to the outlying districts, nor will it have the excellent training and experience which the State Police are noted for. It would indeed benefit all concerned if some of the public-spirited and influential citizens will get together and endeavor by petition, or in any way whatsoever, to secure the return of a detail of state police to Ambler in the near future.

CENTRE SQUARE. RESIDENT

50 Years Wedded.

Mr. and Mrs. Frederick G. Hettenbach celebrated their golden anniversary on Sunday, October 2d. The notable event took place at their home on the Bethlehem road, north of Sellersville, and commenced with the home-coming of the ten children of the couple.

A dinner was served at noon. The table and the home were profusely decorated in red and white carnations, symbolical of mothers and fathers. The reunion of parents and children continued throughout the entire day, a supper at 5 o'clock being a part of the celebration.

Mr. Hettenbach is 74 years of age and his wife is 68. Both of them enjoy the best of health. They were born in Germany, the former of Siltzbach and the latter at Willsbach. They were united in marriage by the Rev. Mr. Fisher in the Lutheran church at Willsbach on October 1st, 1871. In 1872 they came to America, settling in Philadelphia. Mr. Hettenbach was employed at railroad works for two years He worked also at the building operations in connection with the Centennial Exposition held in Philadelphia in 187[illegible]. After the completion of this work he was employed at the Philadelphia stock yards until he purchased a farm north of Sellersville. He conducted this farm successfully for 14 years, disposing of it in 1908.

Eleven children blessed the union of Mr. and Mrs. Hettenbach. All of these survive excepting one son, who died in 1920. There are 29 grandchildren and 2 great-grandchildren also.

The following are the children: Mrs. Earnest Schwabe, Fred Hettenbach, Jr., and August Hettenbach, of Philadelphia Conrad Hettenbach, of Narberth Mrs. Albert Ziegenfus, Mrs. Alex. Alexander, Mrs. Allen Hendricks, of Sellersville; Mrs. George Heinrich, living at home: Christ. Hettenbach, of Bethlehem, and Mrs. James Gross, of Quakertown.

Examine it critically, ask a Buick owner and let me demonstrate its many commendable features. —Rudolph Speelhoffer, agent. adv

Alexander Knight has in his possession among the old papers from his father, the late George K. Knight, records of the first meeting of the Ambler Building and Loan association in 1874, 47 years ago. The elder Knight was first president of the organization, and of the original board of directors Henry C. Biddle and Edward Steer, of Ambler, alone are living.

Wm. J. Devine is preparing plans for the erection of four stone and concrete houses of the bungalow tpye for Dr. R. V. Mattison. These structures will be located along the proposed street between the church street houses and the new to the eastward now under construction. This ground has been graded recently large quantities of earth have been hauled there from the quarry operations in Lindenwold farms.

On Wednesday afternoon the remains of John Scheetz were interred in Rose Hill cemetery, services having been held at the home of his son in Ambler. The decased was well known in the locality, having resided here for more than 50 years. Although having served in the Civil war, having been incapacitated and later being honorably discharged he declined to make application for a never received a pension from the government. His only sons, is Irvin M. Scheetz, well known business man of Ambler.

Tresspass notices on sale at the "Gazette" office are prepared in conformity with the existing state laws. The provision is that the "property must be "prominently posted" with a "printed sign." The sign is required to state that the land is private property and that trespassing thereon is prohibited, and in addition the act of assembly must be stated at the foot of the card. Property owners have desire to proceed legally against trespassers must comply with this law themselves with regard to the nature of the notice posted on their property, else legal action will fail, no matter how flagrant the violation. If you desire to close your land, secure these "Gazette" office notices and post them "prominently," as required by the law.

McGoldrick Denied Retriat.

The court has declined to grant a retrial to John McGoldrick, who was convicted of maintaining a gambling house at Wheel Pump hotel.

In passing upon the refusal of a new trial Judge Swartz holds that:

"A careful consideration of our charge to the jury does not convince us that in our reference to the testimony we failed to give due prominence to the facts favorable to the defendant's innocence.

"It is contended that the charge weighed heavily against the accused. This may be true. But this was due to the incriminating facts and circumstances that confronted the defendant. We had to present the case to the jury as it was given from the witness stand. A mere recital of patent facts was sufficient, in our opinion, to convince any man of ordinary intelligence, experience, care and prudence, that the defendant's room was being used as a gambling establishment.

"Nor can we find sufficient grounds for ordering a continuance of the case.

"There were pleas of guilty in court by those who frequented the gambling room,or by those who admitted they aided in actual conduct of the business. But there was no excitement, feeling or bias against the defendant.

No Pupil Perfect.

An odd test has just been completed in the Conshohocken high school. An observation experiment was held relative to the entire student body, the object being to ascertain how many scholars take notice of the things that happened about them in every-day life. No scholar was found to be perfect in the art of observing. Sixteen per cent. showed up fairly well. Forty-four per cent. did not observe half of the things that went on around them. Thirty-five per cent. were poor observers, and five per cent. extremely poor. other tests will be given in the future.

A census of the public showed that more than 49 per cent. of the pupils are foreigners, the various nationalities being: American, 670; Italian, 233; Polish 127; Jewish, 22;; negroes, 22; Greek 1.

Pure Bred Holsteins Bring Low Prices.

Prominent cattle dealers from five states were among the 300 persons who attended the third quarterly sale of registered pure-bred Holstein cattle at the Victory Farms, Doylestown, owned by Clement H. Conagon. Fifty head of cattle, the aristocracy of the Holstein world from accredited Federal tested herds, were sold under the hammer for $6251. The prices brought were far below par. Several head from New York breeders sold in New York sales previous to this for three time the prices brought.

The highest price brought for cattle was $590. There were two sales at that mark. Blacres Prosperine, a six-year-old heifer, consigned by Bennett and Latzer, of Wellsboro, Pa., went to the Woodman and James Farm, of Rising Sun, Maryland, for $590. The other $500 sale was that of Netherland May Pontiac, an eight-year-old heifer, consigned by Bennett and Latzer to Bernard Meyer and son, of Finterne, N. J., the biggest buy of the day, with eight head purchased for $1620. Two other large buyers were the Saucona Farms, Bethlehem, $1145, and Woodrow and James, of Rising son, Md., $1007.50.

New Manual of Hog Cholera.

"Control of Hog Cholera in Pennsylvania" is the title of bulletin sent to press last week, by the Bureau of Animal Industry, Pennsylvania Department of Agriculture.

This bulletin is intended for the information of hog raisers of the Commonwealth, and gives in detail the control measures necessary in the repression of this dreadfull hog disease. Hog cholera heretofore has been a limiting factor in hog production, and the great annual losses suffered in Pennsylvania as a result, are all the more lamentable because of the fact, that hog cholera is largely preventable!

Judged by its great possibilities, Pennsylvania should be among the leading hog-producing States and such a feature will only be made possible through intensive interest and cooperation of the Pennsylvania farmers and Pennsylvania Deprtment of Agriculture.

"We, the county commssioners of Pennsylvania, in annual convention in Harrisburg, Sept. 29, 30 and Oct. 1, record our approval of the plan of providing hospital care for the many persons in each county afflicted with tuberculosis who are endangering family, friends and community through lack of a place to be cared for."

Action Fails Against Conshohocken.

The damage suits against the Borough of Conshohocken in behalf of Joseph Corrado, Frank and Rosa Cardamone, Kate, Joseph, Mary, Peter and Michael Cardamone, which have been on trial since the opening of this week's Civil Court on Monday, came to a summary conclusion, when, upon motion of counsel for the defendant, Judge Swartz granted a non-suit on the general grounds that the borough is not, under the law, responsible for the conditions that had caused the alleged damage to the properties of the plaintiffs.

Suit has been brought to recover damage because of increased flow of surface water and alleged defective storm sewers, which, it was claimed, had washed gullies and done other damage to the lots of complainants in the vicinity of Third avenue and Maple streets.

Letter Requires Two Years to Travel Two Miles.

All but two years was required for a letter to travel a distance of about two miles, from Spring City to Prizer's Mill.

This speed record of Uncle Sam's postal department came to light recently when Mrs. Charles Buckwalter, of Pottstown R. D. No. 3, received an announcement of the wedding of Miss Mary Wynn to Raymond C. Williams, of Spring City. They were married on October 15, 1919, and the following day the announcements were mailed.

Mrs. Buckwalter received her announcement on Oct. 1—13 days less than two years after the envelope had been mailed.

Grip.

Grip usually starts just the same as a cold with a watery discharge from the nose. Your are much more likely to contract the grip when you have a cold. For that reason when grip is prevalent you should go to bed as soon as you feel that your are taking cold and stay in bed until fully recovered which should not be long if you take Chamberlain's Cough Remedy. Three days in bed now is better than three weeks later on. oct.

JENKINTOWN.

A dinner was given Mr. Harry Dodds, by his parents, on the occasion of his twenty-first anniversary.

Mr. and Mrs. T. P. Bacon will close their Jenkintown home and spend the winter months in Philadelphia.

Howard Fleck, of the Jenkintown Trust company and James W. Heacock, of Wyncote are on a gunning trip in Maine.

Got Her Good Health Out of a Bottle.

Mrs. Edward Raifsnider Wabash, Ind., says that she owes her good health to Chamberlain's Tablets. She suffered from distress after eating and constipation and was completely cured by the use of these tablets. oct.

$20,000 Fire Near Glenside.

A barn and stable on the country estate of Isaac Starr, a Philadelphia banker, were destroyed by fire Tuesday afternoon, entailing a loss estimated at $20,000. The estate is two miles north of Glenside, Pa.

A great part of the loss was in hay and grain. The flames spread so rapidly that firemenn from eight towns were summoned. About $5,000 worth of agricultural machinery was saved. There were no animals in the stable.

Items of Passing Interest Condensed in Short Paragraphs.

Honors for Miss Cecelia Kaiser—Motor Accidents—I. O. O. F. Installs Officers—Upper Dublin Township Roads Miscellaneous Notes.

A Ford car belonging to A. L. Banks, the Lansdale builder was damaged at Montgomery avenue and the turnpike on Saturday, and some time Sunday night another touring car headed into the bank at the same place, breaking two of the wheels. The wreck lay just clear of the trolley tracks.

Miss Dorothy Moll, who has been ill, is recovering nicely and is now able to be up.

Mrs. James Lee, on Tuesday of last week delightfully entertained at dinner in honor of Mrs. Joseph Carey, of Mt. Airy, and Mrs. Hoven and daughter, of Pittsburgh.

George Rittenhouse is having his own employes repaint the garage building.

Mrs. Besore, of the heights, is having her property repainted by Philip Bytheway.

Road Master Grubb, of Upper Dublin township, is working diligently to place the roads in good condition to stand the winter. Just what yet can be done depends on the state of the weather and the amount of funds available for the purpose. Fort Washington avenue is about completed so far as repairs are concerned and the Jarrettown road is in fair condition. It must be remembered that war conditions, prohibitive prices and labor scarcity prevented the township from building any new roads for two years, and the present highways are in fair condition considering these facts coupled with the very hard winter last year the numerous detours necessary by reason of state highway work. Roads that have little foundation cannot forever be successfully repaired in the fare of winter's altrate thawing a freezing and the tremendous motor vehicle wear and tear, so that it will require at least another year of normal prices and conditions before the present township road campaign is worked out satisfactorily.

On Monday at St. Thomas' cemetery were interred the remains of Hedy—Alice, wife of Howard Pardee, of Wiesbaden, Germany, whose death occurred last April 8.

G., Louis Spiekermann; V. G., C. Hostetter; secretary, John H. Morris; trasurer, F. G. Klosterman; representative to orphans' home, H. Sabold; representative to aged Odd Fellows' home, Joseph Starr; representative to grand lodge, F. G. Klosterman; warden, Walter Holz; conductor, George Rittenhouse, Refreshments and music most enjoyably closed the meeting.

This is an unusual honor accorded outside of the large city lodges, and coming as it does to the local order is an honor to the organization of the qualifications and abilities of the individual recipient. As a result of this state-wide honor, the local lodge, this Thursday evening, will tender a reception, to Miss Kaiser.

Last Saturday evening a banquet was given at Hatboro to the representatives of the Philadelphia Suburban Baseball league, which just closed a very successful season. Those who attended from this place were Thomas Moll, Charles Hetzell, Gordon Kittson, Russell Riley, Henry Oberholtzer, James Lamb, Robert Gordon, 3d, Warren Dungan.

The annual business meeting of the Fort Washington branch of the Needlework guild was held at the home of Mrs. Elmer Dungan. A large number of directors and Mrs. Rosemond Bender, national secretary, were present. The slogan of the Needlework Guild throughout the United States is 1,000,000 garments for 1921. Miss Bender told of the local needs. It was decided the entire proceeds from the "Card Party" which is to be given in Wissahickon hall, Nov. 4th, at 8.15, will be given to her to help with the needs of one particular family. It is hoped that directors, members and friends will help in this worthy cause.

The annual meeting of the Fort Washington branch of the Needlwork Guild will be held in Wissahickon hall, Fort Washington, Nov. 9, at 2.30 o'clock.

On Sunday afternoon, Oct. 30, at 4, at St. Thomas' church Whitemarsh, the choir will render Maunder's Cantata, "Penitence, Pardon and Peace." Everybody welcome.
